8	Sign up without entering username						
8.1	Enter valid data into all fields, except username - leaving username field blank		Ready to Test		Ready to Test		Ready to Test
8.2	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that username field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test
9	Sign up with invalid username						
9.1	Enter an invalid username e.g. 1 character		Ready to Test		Ready to Test		Ready to Test
9.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
9.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that username field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test
10	Sign up with a username already registered to an existing account						
12.1	Enter a username that is already registered to an account		Ready to Test		Ready to Test		Ready to Test
12.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
12.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that username is already registered to an account	Ready to Test		Ready to Test		Ready to Test
11	Sign up without entering email						
11.1	Enter valid data into all fields, except email - leaving email field blank		Ready to Test		Ready to Test		Ready to Test
11.2	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that email field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test
12	Sign up with invalid email						
12.1	Enter an invalid email format		Ready to Test		Ready to Test		Ready to Test
12.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
12.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that email field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test
13	Sign up with email already registered to an existing account						
13.1	Enter an email that is already registered to an account		Ready to Test		Ready to Test		Ready to Test

13.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
13.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that email is already registered to an account Prompt will be displayed encouraging user to log in instead	Ready to Test		Ready to Test		Ready to Test
14	Sign up with unverified email already registered to an existing account						
14.1	Enter an email that is already registered to an account, but which has not been verified		Ready to Test		Ready to Test		Ready to Test
14.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
14.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that email is already registered to an account Prompt will be displayed encouraging user to log in instead	Ready to Test		Ready to Test		Ready to Test
15	Sign up using an email already associated with an already registered Facebook account						
15.1	Enter an email that is already associated with a registered Facebook account		Ready to Test		Ready to Test		Ready to Test
15.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
15.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that email is already registered to a Facebook account and encouraging user to log in with Facebook	Ready to Test		Ready to Test		Ready to Test
16	Sign up using an email already associated with an already registered Google account						
16.1	Enter an email that is already associated with a registered Google account		Ready to Test		Ready to Test		Ready to Test
16.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
16.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that email is already registered to a Google account and encouraging user to log in with Google	Ready to Test		Ready to Test		Ready to Test
17	Sign up without providing a password						
17.1	Enter valid data into all fields, except password - leaving password field blank		Ready to Test		Ready to Test		Ready to Test
17.2	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that password field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test
18	Sign up with invalid password format: less than 6 characters						
18.1	Enter password that is less than 6 characters		Ready to Test		Ready to Test		Ready to Test
18.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
18.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that password field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test
19	Sign up with invalid password format: not including numbers						
19.1	Enter password that does not include numbers		Ready to Test		Ready to Test		Ready to Test
19.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
19.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that password field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test

21	Sign up with invalid password format: not beginning with a capital letter						
21.1	Enter password that does not begin with a capital letter		Ready to Test		Ready to Test		Ready to Test
21.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
21.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that password field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test
22	Sign up with invalid password format: not including special characters						
22.1	Enter password that does not include a special character		Ready to Test		Ready to Test		Ready to Test
22.2	Enter valid data into all other fields		Ready to Test		Ready to Test		Ready to Test
22.3	Click Sign Up button	Sign up will be unsuccessful Error message will be displayed notifying user that password field is incorrectly filled	Ready to Test		Ready to Test		Ready to Test
23	Check show/hide button functions in all fields						
23.1	Enter some data into password field	Data will be replaced with * for each character entered	Ready to Test		Ready to Test		Ready to Test
23.2	Click on show/hide icon	*** will be replaced and data will become visible	Ready to Test		Ready to Test		Ready to Test
23.3	Click on show hide icon again	Data in field will be hidden and replaced with ***	Ready to Test		Ready to Test		Ready to Test
